SUMMARY

A dedicated and results-oriented Full Stack Web Developer with a passion for creating beautiful, responsive, and scalable web applications. Skilled in Agile Software Development, problem-solving, and effective communication. Committed to delivering high-quality solutions and constantly expanding knowledge in web development.

EXPERIENCE

Stoney Brook Grille, Branchburg, NJ — Server

February 2021 - December 2022

- Managed a section of guests, served on on large parties, used my communication and sales skills to make guests happy, and learned to work under pressure daily
- Implemented teamwork, group work, and leadership strategies to work seamlessly with others
- Used systems such as POS to put in every order and process payments

Village Brewing Company, Somerville, NJ — Server

April 2018 - March 2019

- Was with the restaurant from start and helped open the restaurant
- Honed guest interaction skills as well as teamwork skills

EDUCATION

Rutgers/Edx, New Brunswick, NJ — Certificate

February 2022 - May 2022

Full Stack Web Development Bootcamp program
